A Public Commitment to Constitutional Reform and Democratic Accountability

NOW, THEREFORE, I DO HEREBY PLEDGE:

AMENDMENT ONE

- I.** I pledge to support a Constitutional Amendment overturning *Citizens United v. FEC* and *SpeechNow.org v. FEC*, affirming that corporations are not people, money is not speech, and all political spending is subject to democratic limits — with real-time public disclosure and strict bans on foreign spending.
-

AMENDMENT TWO

- II.** I pledge to support a Constitutional Amendment closing the *McDonnell* and *Snyder* loopholes — explicitly defining bribery, gratuities, and official acts so that the gift economy is criminal, with full financial disclosure for all federal judges and lifetime revolving-door bans for senior officials.
-

AMENDMENT THREE

- III.** I pledge to support a Constitutional Amendment reversing *Trump v. United States* and restoring the 250-year founding principle that no person — including the President of the United States — is above the law. Equal justice under law is non-negotiable.
-

LEGISLATIVE FIX

- IV.** I pledge to support replacing the STOCK Act's \$200 fine with a genuine, enforceable ban on congressional stock trading — with criminal penalties — so that those who write the laws cannot profit from the information those laws generate.
-

I make this commitment publicly, permanently, and without reservation.
